MENTORINGACROSSBORDERS

Seniores ITALIA  
Lazio - OdV

**Roma, 10 Ott. 2023 – MAECI Club**

Turin hosted on the 26th of October at Sermig - Arsenal for Peace an event featuring a number of senior Italian volunteer organizations such as VSP, Vol.TO and Seniores Italia Lazio OdV. In Italy, there are about 350,000 volunteer organizations involving more than 6 million volunteers and 1 million employees. These impressive numbers have enabled and continue to enable projects to integrate and support the most disadvantaged people. The meeting, which was also extended to local authorities, was the concluding moment of 4 days of work and made it possible to present two projects to the public, which are in the process of implementation and are financed with European Union funds: the LAB (Locally Across Borders) project in which young people from Croatia and Poland participated, and the MAB (Mentoring Across Borders) project, which aims to promote the concept of "Active Aging."
